Diecast Masters manufactures the world's widest range of Cat® scale model replicas, covering most of the machine groups made by Caterpillar®. Our models are grouped into these categories:

High Line Series includes 1:50 scale and 1:32 scale models of the newest Cat machines, packaged in full-color metal boxes that are, in themselves, prized collectibles.

Core Classics Series models reflect the scope of Cat machines working every day at construction sites, mines and quarries, agricultural and industrial sites.

Commemorative Series models demonstrate unique takes on very special collectibles.

1:87 and 1:125 scale models offer excellent detail and great value.

Diecast Masters models are available for sale at Cat Dealers, retail stores, and at many on-line merchants. If you need help locating a seller in your part of the world, please contact one of the Distributor Partners listed at diecastmasters.com
